

Accessing Initial Appearance Video Streams

First appearance proceedings are held twice per day 365 days per year. All in custody defendants are required by Arizona law to be seen by a judicial officer within 24 hours of arrest. During this hearing, a defendant is advised of the charges, the right to an attorney, conditions of release and the next hearing date.

These hearings are only streamed on YouTube at 8 p.m. and 9 a.m. While video recordings of these sessions are not retained by the court, digital audio hearings are still available. To access these video streams, click the following link [tcc crt15 - YouTube](#)
